MORTGAGE IMPAIRMENT INSURANCE

Safeguard your portfolio with proactive protection

Increasing regulations that help protect your clients can often create complexities when it comes to fully protecting your collateral and ensuring flawless business practices at all times. Additionally, in the servicing of mortgages, many other nuanced risks exist that can be challenging to protect against and costly to your organization. At OSC, we not only know how to track and insure your portfolio of properties, we know how best to protect our valued clients and mitigate other uncertainties you face in a dynamic business environment.

Benefits

Protecting those who lend or service mortgages.

OSC Mortgage Impairment Coverage protects lenders and mortgage servicers against losses resulting from errors or omissions that are not usually covered by other property and casualty policies. The range of coverage can be tailored to your specific business needs, but the need for such protection is clear ... it protects you.
